

Experienced in the field of Gastroenterology,
we have been servicing our communities for 35 years.

CGI has the knowledge, experience and compassion
to be YOUR Center for GI Health.

We look forward to the opportunity to manage your
GI Health as part of your health care plan.

Our Team

At The Center for GI Health / The Endoscopy Center, our team is excited to provide you with a full complement of GI services.

Whether you are a new or an existing patient, we are committed to making your experience as pleasant and efficient as possible.

Doctors John S. Dobrota, Frank T. Kucer, Ronald P. Markos and Kathleen Lukaszewski are proud to offer these services to you, your family and friends.

Throughout all levels of your visit, we have seasoned executives, administrators and supportive clerical and clinical staff that will guide and educate you through the system.

We are also proud to announce that several of our staff have been with us for two to three decades and are a fundamental part of our efficient processes.

Services

- Colonoscopy
 - Polypectomy (polyp removal)
 - Biopsy
- EGD (upper endoscopy)
- Dilation therapy for dysphagia (difficulty swallowing) and various upper GI and Lower GI strictures.
- Foreign body removal
- Peg Tube Placement/Re-placement

Personalized Care

You will receive direct and personalized care from the time you schedule your examination until your discharge. You will be directly cared for by one of our highly trained Registered Nurses, Doctors and Anesthesiologists throughout your entire short stay at The Endoscopy Center.

Patient Education

We understand that patients have questions relating to their medical care. The staff at CGI and TEC is fully prepared to answer these private and sensitive questions from the time of your scheduling through the completion and discharge of your examination.

Commitment of Excellence

All of our staff is required to attend continuing education classes as part of their state licensure requirements. This enables the staff and doctors to provide you with the latest techniques and the highest quality of professional care within the scope of Gastroenterology and Endoscopy.

Convenience

Our offices are centrally located in Sellersville, PA right off route 309 / Perkasie 563 exit at 817 Lawn Avenue across from Grand View Hospital. Our new Lansdale office is conveniently located yards away from Abington Health, Lansdale Hospital at 1000 Walnut Street, suite 100. Our hours of operation are from 7:00 AM – 4:00 PM

Effective and Proficient Medical Care

The staff and the technology at The Endoscopy Center have been established to proficiently and accurately facilitate communication involving your care. We will act as your liaison between your family physician and any doctor directly involved in your care.
